Shoshin International Theatre Residencies

Knots of time, nodes of present: the Boat

August 29 – September 3, Kide (Chidea) village, Cluj county, Romania

Led by: Grzegorz Ziółkowski (STUDY || ROSA, Adam Mickiewicz University in Poznań, PL) and Csongor Köllő (Shoshin Theatre Association, RO)

MOTTO:

„We of the oars made wings for our mad flight”

Dante: La Divina Commedia – Inferno

A boat is a structure that takes you from one river-bank to the other. It is a transition, but not without risks. It can be a reference to death, as in Różewicz: „in my black suit / in a boat / without oars / leaving the world / sailing away / father”. But it can also be more general – as in the idea of a journey. We would like to capture this idea from the point of view of theatre craft: an actor should not stay intact, the piece of work s/he is working on and with is like this little, unstable structure, transporting and transforming the performer. The other idea is: whom and what would you take on board if you had this little unsafe vehicle like a boat, and you’re a refugee crossing dangerous waters. What words, what song, what images would you carry to your new life?

Led by Grzegorz Ziółkowski (STUDY || ROSA) and Csongor Köllő (Shoshin Theatre Association), this work session will focus on the above themes through working on practical aspects of the craft and training. Elements of work will include: Text rendering and Voice work, Actor’s acrobatics, Partnership in action, Space/Group awareness, Warrior attitude, Qi Gong, Morning and dusk runs, Song, Individual journeys. During the session a final montage will be prepared (made up of individual and group materials) which will be shown to invited guests on the last day.

The work will take place in the premises of Kide Creation Centre, situated in the beautiful and highly scenic village of Kide (Chidea in Romanian), home of the past three international summer sessions organized by Shoshin Theatre Association. Working languages for this session are English, Hungarian, Romanian and Polish. Participants are asked to select a text or a song as well as an image (painting or photo) which they associate with the theme of the session outlined above. They are also asked to bring comfortable workwear, an elegant costume to use for the final montage, and, according to their possibilities, any musical instrument which they can play. Work will take place 8h/day.
